

ST. GEORGE CATHOLIC SCHOOL KINDERGARTEN SUMMER CAMP

June 5th-9th

“WHERE IMAGINATION SPROUTS”

St. George’s Kindergarten Summer Reading and Science camp is designed specifically for students who will be attending the St. George Kindergarten program for the 2017-18 school year.

Our Kindergarten teachers work with incoming students on transitioning into Kindergarten routines while having fun. In addition, our Kindergarten Summer camp incorporates many thematic activities based on literacy, math and science along with building each student’s phonics, writing, and fine-motor skill development. **Enrolling in St. George’s Kindergarten Summer camp will also prepare students emotionally for the 2017-18 school year.**

You may choose morning, afternoon or all day session to fit your summer schedule. Class size is limited to serve and provide a low teacher/student ratio. **Register Soon!**
